Palm Beach County has one of the highest rates of food insecurity in Florida. More than 184,000 residents, 53,000 of whom are children, don’t have enough to eat on a daily basis.

United Way of Palm Beach County and the administrative leadership at Palm Beach County partnered to develop and implement the Hunger Relief Plan - a major cross-sector collaboration involving hundreds of partners.

Food banks & pantries will partner to connect families to food and resources.

Palm Beach County families will have the knowledge to make healthy food choices.

Children will have access to nutritious food.

Older adults will have balanced diets.

TOGETHER WE FIGHT HUNGER!

To learn more about the Hunger Relief Plan visit: UnitedWayPBC.org/Hunger
United Way of Palm Beach County serves as the lead organization for hunger relief in our county. We work to facilitate the interaction and cooperation of various food relief programs to create more efficient models to serve local food insecure individuals.
