Coronavirus 2020

- Hunger Relief is partnering with community partners within and outside our network to address short term, midterm, and long-term needs of the Palm Beach County communities. We are staying nimble so we can proactively identify needs, address needs as they arise, prepare for expected and unexpected needs and find and/or create solutions. We are also tracking information available through our networks, data, and WebEOC.
- Hunger Relief for United Way of Palm Beach County continues to coordinate food distribution with PBC Food Bank, Feeding South Florida, Area Agency on Aging and approximately 90 food pantries that are still operating throughout the county.
- Hunger Relief is working with United Farmers Alliance (UFA), a group of Palm Beach County farmers, working on solutions to get product from the farms to the at-risk communities in Palm Beach County. UFA is also working with Florida Department of Agriculture and Consumer Services and helping farmers register on myflorida.com so their products can be sold to FDACS and other entities. UFA is also partnering with Feed the Hungry and others to help get food into our community.
- There is much information on what the farmers in the Glades have been contributing to the County, School District of Palm Beach County, and food banks (Feeding South Florida, Palm Beach County Food

- Bank, etc.) for distribution. Their information is available on their social media and EAA Farmers information.
- Palm Beach Harvest and Boys and Girls Clubs have been doing weekly produce distributions in The Glades.
- Florida Crystals is ramping up to do another donation of rice and sugar to local organizations.
- Palm Beach County Food Bank, Feeding South Florida, City of West Palm Beach, and FarmShare are working with MarJon Specialty Foods and other growers, processors and distribution partners to secure 17 to 20 pound food boxes consisting of protein, fresh fruits and vegetables that are being distributed through food pantries and other channels in Palm Beach County. This is part of the USDA reimbursable food box program for nonprofit organizations. For profit organizations can purchase the food boxes. The program has been extended through July and August.

 - **Non-Congregate Feeding:** FNS is allowing meals to be served to children outside of the normally-required group setting to support social distancing.
 - **Parent Pickup:** FNS is allowing parents and/or guardians to pick up meals and bring them home to their children.
 - **Meal Times:** FNS is waiving requirements that meals be served at certain standard times to allow for grab-n-go options. This also allows for multiple days-worth of meals to be provided at once.
- Children and families can access free meals for kids 18 and under at more than 80 BreakSpot Grab ‘n Go sites around the County.
- Hunger Relief is working with the School District of Palm Beach County, FLIPANY, Feeding South Florida, and Boys and Girls Clubs of Palm Beach County and Palm Beach County Youth Services sites. Links to the site schedules can be found on 2-1-1’s website: 211palmbeach.org.

PLEASE NOTE: Due to the summer heat, beginning Tuesday, July 7, distribution times will be 10:00 a.m. - 12:00 p.m. at all open feeding sites.

For the health and safety of everyone, facial cover or mask is required when picking up meals at any school feeding site.

Feeding South Florida will distribute free food for families at select schools on Tuesdays and Thursdays:

Thursday, July 23 [at the following 13 locations](#)

Tuesday, July 28 [at the following 13 locations](#)

To limit person-to-person contact, please remember to adhere to social distancing. Those driving to one of the feeding sites are asked to open the trunk of their car or leave a seat open where staff can place the food. People walking up to a site should remember to maintain a distance of at least six feet. These measures are taken very seriously and are intended to keep everyone safe.

Please Note: Starting April 6, 2020, Child No Longer Required to Be Present:

The U.S. Department of Agriculture (USDA) has provided a waiver to allow parents/guardians to pick up meals without the child being present. The parent needs to provide confirmation of the number of children for which they are picking up meals, by one of the following methods: student ID, student passport, student library card, student birth certificate, or a photo of adult picking up the meals with the students for who they are picking up meals.

The parent will show the identification to staff providing the meals, and meals will be provided for the number of children identified. The District follows food distribution rules as outlined by the USDA.
