SNAP Outreach/Advocacy

17. **Pandemic EBT or P-EBT:** We are in touch with our community partners regarding legislative changes and are currently monitoring a partnership between DCF and FDACS for P-EBT. When it's established, clients will be able to file an application through the FDACS website and FDACS will process it.

Update as of May 14, 2020:

P-EBT is a supplemental benefit for households with children who have temporarily lost access to free or reduced-price school meals due to pandemic-related school closures.

DCF, which determines eligibility for the food assistance benefit program, and DACS, the agency overseeing the National School Lunch Program in Florida, have been working together to develop and implement a P-EBT program to issue benefits quickly and seamlessly to eligible Florida families. This program will run concurrently with the School District of Palm Beach County's NSLP program. Those who are receiving P-EBT will still be able to receive school district meals.

Under the direction of Governor DeSantis, a **joint plan was submitted on May 5th to our federal partners and we are awaiting approval.**

DCF is working with DACS to automatically provide P-EBT benefits to the majority of eligible children and their families. Communication on the program and timeline of when benefits will be issued are forthcoming. At this time, no further action is required. For more information, visit: <https://www.myflfamilies.com/covid19/access.shtml>

18. **Online Grocery Purchase Pilot Program:** USDA approved Florida's request to launch an online grocery purchase pilot program. Florida's SNAP recipients will now be able to use EBT cards to make eligible food purchases. The pilot program launched in Tallahassee on April 16 expanded statewide on April 20.

For more information about the online purchasing pilot, please visit: <https://myflfamilies.com/covid19/access.shtml> [lnks.gd].

20. **COVID-19 School Food Services losses** - An email was drafted and sent to Congressional Representatives about COVID-19 help for school food service to address the losses of our school district food service/nutrition departments to recoup losses, continue programs for summer meals and be ready to feed children when they return to school. The Palm Beach County Commission will be drafting a formal letter to submit as well.
