## CORPORATE VOLUNTEERISM

Statistics show that consumers are attracted to companies that are responsive to local needs.

Corporate involvement is an investment that:

- **improves public image**
- **strengthens employee morale**
- **promotes team building**
- **develops leadership skills**
- **supports the cultivation of long-term relationships with customers and vendors**
- **allows employees to see, first-hand, what the need is in their community.**

United Way of Palm Beach County's Corporate Involvement Program is a resource your company can use to demonstrate social responsibility right here in your community.

## MAKE A DIFFERENCE!

There are many ways individuals of all ages, families, organizations and corporations can serve our community, - even while social distancing!

Our Volunteer Program is aimed at making volunteering easy and flexible to fit everyone's busy schedule. Volunteering feels good and creates opportunities to meet new people, while giving back in a meaningful way. Our free, online volunteer database provides organizations, individuals, teens, and families with volunteer opportunities to suit every interest or need.
