**Trustworthy.** For 92 years, United Way of Palm Beach County has served as the trusted local leader, identifying and addressing our community’s most critical needs.

**Efficient.** Our team of community investment experts monitor United Way funded programs, ensuring targeted results are achieved. Donors can be assured that their dollars are being put to work in the best way possible, where they are needed the most.

**A Champion.** We fight for those who do not have a voice and support the nonprofits that serve them. By uniting key stakeholders and local leaders, we provide strategic solutions to community challenges.
What a milestone year for United Way of Palm Beach County! We are thrilled to welcome Frank Compiani as our Board Chair this year and have his partnership as we continue to be a leader in the transformational change happening within our community.

Not only did we continue to support our 110 high performing programs and initiatives through the ongoing impact of the COVID-19 pandemic, but we also received two significant funding awards: a $10 million gift from philanthropist MacKenzie Scott and over $4 million from Palm Beach County from the federal CARES Act funding.

It was an honor to be trusted with these gifts to magnify our hunger relief efforts, launch our veteran program MISSION UNITED, and award dozens of local nonprofits with grants to provide people food, housing assistance, health care, educational support, and more. This produced a ripple effect of impact and underscored our reputation as a trusted leader in Palm Beach County.

Additionally, our volunteer team demonstrated their creativity and agility to produce innovative solutions to new challenges during the pandemic. Our Volunteer Income Tax Assistance (VITA) program pivoted to socially distanced and virtual options to continue to provide free tax filing services and many of our volunteer projects were adapted to virtual opportunities that still made an impact for many local nonprofits.

Thank you to everyone who gave so generously with their time, talents, and treasures to be the Heart of PBC for our neighbors in need. There is more work to be done, and our team welcomes your involvement to provide everyone in Palm Beach County with access to basic needs.
The Tocqueville Society is named in honor of Alexis de Tocqueville, a 19th century French political thinker who recognized and applauded the American desire to take a personal role in the advancement of society by combining philanthropy and service. Philanthropic leaders in our community join the Tocqueville Society to collectively tackle Palm Beach County’s biggest challenges through their annual investment of $10,000 or more to United Way.

Thank you to our Board of Directors for being Champions for PBC every day! This group of dedicated volunteers helped our organization navigate the challenges of a pandemic and reach new levels of impact in our community.

EMERGING LEADERS SOCIETY

Women United’s mission is to build and foster a powerful, passionate network of women who create impactful change in our community through the focused investment of their time, talent, and resources.

Emerging Leaders Society’s mission is to attract, enlighten and rally early to mid-career professionals who believe in giving back to their community financially and participating in networking events, community service projects, and educational opportunities.

A Champion!
Join one of our Membership Groups!

LEADERSHIP Circle

Our 1,400 Leadership Circle members are local leaders who trust in United Way to make the most meaningful impact and produce smart solutions to meet the needs of our community. Members give an annual gift of $1,000 or more to demonstrate their commitment to their community and ensure that our neighbors in need receive help and hope.

WOMEN UNITED
At United Way, we believe compassion and generosity are at the heart of the Palm Beach County community. For 92 years, we’ve seen our neighbors step up in big and small ways to help each other meet daily basic needs, recover from hurricanes, and persevere through the economic impact of a global pandemic.

**See, Feel, and Be the Heart of Palm Beach County!**

See. the issues that our community faces, like hunger, education and housing. United Way funds more than 110 programs and initiatives that help youth succeed, stabilize families, and empower healthy lives.

Feel. like you are part of the solution through hands on volunteering and engaging virtual events. United Way provides ways to gain meaningful, firsthand experiences to be a part of sustainable solutions for our community.

Be. the Heart of PBC by continuing to give to United Way. We carefully and efficiently invest your dollars in vetted programs that are producing positive, long-term impact. Every dollar is used to help everyone in Palm Beach County reach their full potential.

SEE the Ripple Effect
of Your DONATIONS!

A YEAR OF HISTORIC FUNDING!

This year, United Way of Palm Beach County received two of the largest gifts in its 92-year history! Our team was honored to be selected as the recipient and administrator of funding from Palm Beach County CARES Act and philanthropist MacKenzie Scott. Both gifts enabled our community to respond to emerging needs and invest in strategic initiatives for long-term impact.

This gift from philanthropist MacKenzie Scott will amplify our mission and advance our vision of the future for Palm Beach County residents.

Over many months, our Board of Directors and staff thoughtfully developed a long-term strategy for this funding. United Way is built around examining evidence-based research, implementing best practices and innovative services, and creating data-driven results the local community needs. Ms. Scott’s gift entrusted us with intentionally extending our work and efficiently utilizing every cent to create the greatest impact in Palm Beach County.

The two primary areas in which we will be investing a portion of these funds is in our hunger relief work and our veterans initiative, MISSION UNITED. We look forward to sharing how these funds are making a difference in our community!

Palm Beach County CARES Act Funding
The Palm Beach County Board of County Commissioners allocated up to $4 million from the Coronavirus Aid, Relief and Economic Security (CARES) Act funding to nonprofit organizations to help them recover from the negative financial consequences resulting from the Coronavirus. United Way partnered with the County to administer distribution of the funds, which prioritized health and human services and veterans’ services organizations.

A total of $3,656,934 was awarded to 216 eligible organizations. The remaining $343,065 was utilized to purchase Personal Protective Equipment (PPE) for 125 nonprofit organizations in Palm Beach County.
Our Volunteer Center found ways to connect volunteers to meaningful projects and meet emerging needs for our community throughout the COVID-19 pandemic.

VIRTUAL VOLUNTEERING

When COVID-19 paused in-person volunteer projects, our team created virtual volunteer opportunities like sending over 1,000 notes of encouragement to local first responders and essential employees, creating bookmarks to promote reading during times of remote learning, and playing virtual bingo to complete socially distanced volunteer activities.

VOLUNTEER INCOME TAX ASSISTANCE PROGRAM

For 18 years, our VITA program has provided PBC residents with free, in-person tax preparation services. This year, they pivoted their services to provide socially distanced and virtual tax preparation! They trained additional volunteers and utilized IRS-approved technology to continue to provide this critical service, even during the height of the pandemic.

LITERACY KITS

Over 880 literacy kits were made to support literacy skills in young children in our community. These kits, sponsored by PNC Bank, gave children access to new books and activities they could use at home.

MENTOR

Change two lives

When COVID-19 put a pause on 5,000 mentors meeting with their mentees in their usual in-person spaces, our Mentor Center went to work to adopt an online platform that allowed the mentors and mentees to continue to meet virtually and provide support to our youth during one of the most difficult times of their lives.

CORPORATE VOLUNTEER PROJECTS

Many of our regular corporate volunteer projects turned virtual, but a few companies like Regency Centers provided safe spaces to keep their employees engaged in community service opportunities and continue to give back when our community needed it the most.
